

Baby's Star wall decoration

Needed

- 5 baby pattern papers
- Card stock you choice of colors
- Ribbon
- Tags 3 made with your pattern papers

To make a 5 star simple cut pieces into 5 squares of varying patterns. We went with 3" squares. Fold the square on the diagonal then open and fold corners in so the 1/3 of the flap is flush looking like a kit or a tea bag fold. Do this on both sides. You will squeeze the two end so they over lap and glue this will form one corner of the star. Do all five points and glue them together on a piece of card stock. Cut around the star allowing a small boarder. Glue ribbon to the star and fibers to attach the tags. Place a button in the middle of the star with a glue dot or liquid glue. Create and attach the tags. This is a fun simple project that can decorate a baby room.
